POLICY OF CARE AND PAYMENT

Our primary mission is to deliver the most comprehensive quality dental care available today at an affordable cost. To accomplish our mission we must require your portion of payment at the time of treatment.

In order to help with this cost we accept checks and major credit cards. We also offer 6 months no interest for anything over \$200.00 through a flexible payment plan called **CareCredit**. Apply on line at www.carecredit.com or call 800-365-8295. If you qualify you can start your treatment today and spread payments over time.
